

Eyebrow & Eyelash Tinting

Eyelash and eyebrow tinting will enhance the general appearance of your eyes and is particularly beneficial for people who participate in sporting activities. Unlike mascara the effect is very natural.

Benefits of Eyebrow & Eyelash Tinting

- Enhance general appearance of eyes
- Great for people with known sensitivity to make-up
- Good for sporting activities, especially swimming
- Good for people with no time to apply make-up daily
- Will benefit contact lens wearers
- Good for people with fine eyebrows

What happens during the treatment: This is a straight forward, quick and painless procedure using Belmacil products to tint your lashes. There are a range of colours for you to choose from to enhance your lashes. Please note that we are unable to make your eye lashes lighter than the natural colour.
